## ABOUT US

We are a team of caring and compassionate professionals who are dedicated to serving our local community. Our aim is to provide high quality disability and mental health services for our NDIS participants.

## OUR VISION

To be the preferred provider of high quality services for our participants.

## OUR VALUES

- Compassion - We love our work, we do it with passion by supporting all our participants to make choices and work towards their goals.
- Equality - We are inclusive in our approach and value individual participation by giving quality support to all our participants.
- Dignity and respect - We value individuals' rights and treat all our participants with dignity and respect.
- Integrity - We strive to ensure that we maintain a high degree of accountability and honesty in our relationships with our participants, families, carers, staff and other stakeholders.
- Innovative - We strive to keep on improving the quality of our services.

## OUR MISSION

Our mission is to improve the lives of people living with disabilities and mental illness by providing a person-centred support that promotes independence, choice and control.
